Networking

- Incorporate emerging technologies & interactive research support
“Modern AI applications have been instrumental in supporting inclusive education, particularly for students with disabilities” (Pagliara et al., 2024)
- Host workshops/study sessions
- Attend program events / manage to get invited!
- Connect with advisors

Connecting the Dots

Acknowledge that....

- We need to go beyond traditional duties and include new responsibilities, such as student engagement and digital literacy.
- Librarianship supports academic and personal growth. We are not just providers of information resources.
- It is important for library liaisons to create these connections, particularly with underserved student communities.

The slide features a yellow background with a decorative border of dotted lines. On the left side, there are three colored circles: a teal one at the top, an orange one in the middle, and a blue one at the bottom. The title "Next Steps" is centered in a large, bold, black serif font.

Next Steps

- Design Program Guides
- Slideshows work well, students can refer back to information
- Continue following up
- Assessment
- Connecting with the Military Veterans at the undergraduate and graduate levels.
